CONRAD
JUPITERS

GOLD COAST

Introduction

Acknowledging the diversity of contemporary Australian art practice the 2001 Conrad Jupiters Art Prize provides us with a cross-section including a range of media and styles with work entered from artists in all stages of their careers. While aware that not all aspects of contemporary Australian art are represented, we are confident that this exhibition offers an engaging sample of the art of our nation.

We are of course continually grateful to Conrad Jupiters for their ongoing sponsorship of the art prize and recognise the significant contribution being made to the City by a generous corporate citizen.

We are also pleased to be able to continue our relationship with Parks Victoria and the residency program they generously provide. One of the Queensland artists represented in this year's exhibition will be awarded the opportunity to take up residence in a studio

in Melbourne for 3 to 6 months. Our thanks to Maudie Palmer whose initiative has made this opportunity possible.

I would also like to express our appreciation to Gerda Pinter whose continued support for the Art Prize with a yearly contribution and general support for the Gallery is highly inspiring. We also gratefully received a contribution from David and Bronwyn Wilson of Bedford Framing.

Our judge for this year is esteemed artist Garry Shead. We are confident Garry will select works for acquisition that will add significantly to the collection and thank him sincerely for his efforts.

Of course our greatest appreciation goes to the artists and their representatives without whom none of this is possible.

John Walsh
Gallery Manager

Judge Garry Shead

Garry Shead was born in Sydney in 1942. Following studies at the National Art School from 1961 to 1962, he was an editor, cartoonist, film maker, film editor and scenic

artist with ABC TV, before his first solo exhibition with Watters Gallery in Sydney in 1966. Since then he has had forty-seven solo exhibitions and taken part in more than sixty-five group exhibitions including thirteen Archibald Prize exhibitions. He won the Archibald in 1993.

Shead spent six months living in Paris in 1973. In the early 1980s he spent time in France, Spain, Italy and Holland. During a residency at the Karolyi Foundation in Vence, in southern France, he met his future wife, the Hungarian sculptor Judith Englert,

and subsequently spent a year with her in Budapest before returning to Australia. The couple married and eventually settled at the coastal community of Bundeena, south of Sydney in 1987. During the late 1980s Shead's painting style and his interest in a new group of subjects crystallized with the Bundeena paintings, which in turn led to his now famous DH Lawrence series, begun in 1991.

As well as painting, he retains his early interest in working in mixed media collage and his paintings are often accompanied by etchings.

Many articles and several books have been written on Garry Shead and his art, including *The DH Lawrence Paintings*, 1993, *Encounters with Royalty*, 1998, and most recently, *Garry Shead and the Erotic Muse*, 2001, all written by Sasha Grishin.
